Industrial Grade. American Made.™ Since 1911.

OUR LIFELONG COMMITMENT TO MACHINISTS

**YOU PUT EVERYTHING  
YOU NEED FOR YOUR  
JOB INTO THEM.**

**THAT'S WHY WE  
PUT EVERYTHING  
WE HAVE INTO  
MAKING THEM.**

MADE IN THE **USA**

For decades, the Kennedy Machinists' chest and bases were a staple to the machine shop industry. That hasn't changed. But today, we offer so much more!

**Kennedy knows how important your field of work is and the importance of having a work center that is both productive and functional.**

Drawer Organization

## YOUR BOX CAN MAKE YOU MONEY OR COST YOU MONEY!

- Searching for tools = Loss of productivity
- Missing Tools = High cost of tool replacment
- Tool Box Replacement = Buy it once, buy it for life
- Organization = Committed to your craft and a committed employee

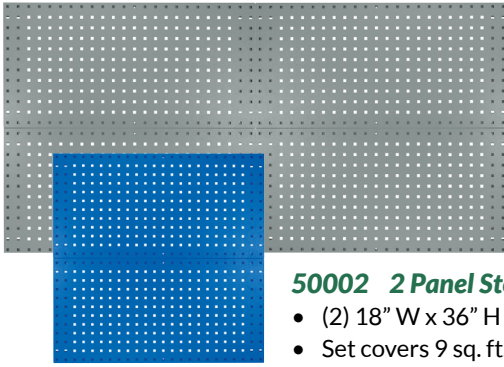

*I'm a 35 year machinist and have used Kennedy my whole career...bottom box is 7 drawer. My top box is 7 drawer also with riser in between. My tool box has helped me get jobs several times. These boxes are the sign of experience. ~ Mike*

Beautiful tool box as well made or better than my last Kennedy tool box.
