ECLIPSE TOOL AND SUPPLY

GANG STYLE TOOL POST FOR HAAS TL-1 AND TL-2'S

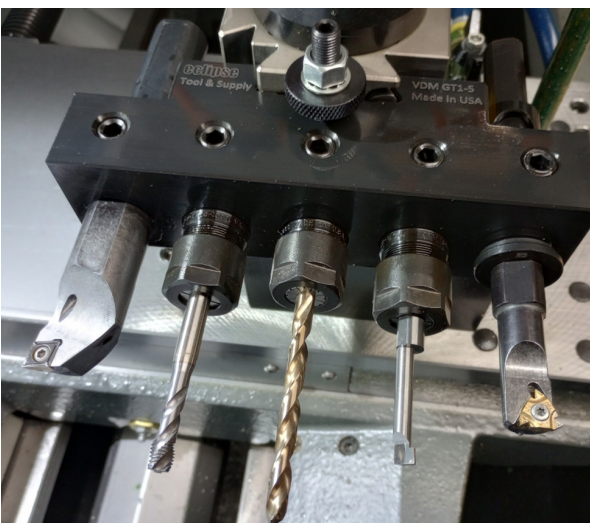

Eclipse Part # VDM-PGT4

4-Station Tool Post

\$899.00

- 3/4" square tang will allow this to be put into the Haas TL turret or into a CXA tool block for the Quick-change posts
- Comes with (2) ER20 collet chucks, 1" Bore Sizes
- Drills and longer shank tools will clear both sides of a Dorian CXA post. On a turret you'll only be able to use one longer shank tool and three collet held tools.

Eclipse Part # VDM-PGT5

5-Station Tool Post

\$1,299.00

- CXA dovetail mount for Quick-change tool posts
- Comes with (2) ER20 collet chucks, 1" Bore Sizes
- With the right selection of tools this is extremely versatile, it offers the opportunity to spot drill, drill, tap, OD turn/thread, and part off/groove all-in-one OP
- Either of these systems can turn a standard TL into a workhorse and we have several customers using these successfully already
